RE: Orleans Conservation Commission – Putnam Farm CPC Application

Dear Members of the Community Preservation Committee,

At their regularly scheduled meeting on January 6, 2026, the Orleans Conservation Commission voted unanimously in support of the Conservation Department's CPC application to install the Phase 5 Gardens at Putnam Farm.

The Commission noted the project's alignment with the goals of the Putnam Land Management Plan and the CPC. Putnam Farm provides a space for conservation and community gardening that is unlike any other property in town, making the passive recreational opportunities unique. The Commission hopes the CPC will support this application to enhance community gardening and passive recreation in Orleans.

Sincerely,

Drusy Henson
Orleans Conservation Commission Chair
