4	A distributed model, with multiple, smaller spaces would be interesting. Also, a partnership with another town is probably a good idea, but I'm not wild about giant facilities.	5/17/2022 9:46 AM
5	the town already has adequate spaces for community activities. I don't think we need to spend millions of dollars on a building which will be infrequently used by a minority of the town's population.	5/16/2022 4:48 PM
6	wooden floors for dance would be nice	5/14/2022 7:23 PM

8	Thank you for providing this. I think a community center is very needed and will be appreciated by new residents as well	5/13/2022 8:07 AM
9	For me, the Cultural Center of Cape Cod (in Yarmouth) is a excellent, successful model for an an arts and culture focused facility. I also support the Campus concept, with activities, classes happening in other easily accessible locations - like the Library and the Old Firehouse, as well as others to be developed.	5/12/2022 6:58 PM

12	The town has very good resources for citizens now, I'm concerned that our taxes will go up as a result. I support increasing resources for affordable housing so that younger people and families can afford to live here. I think the two does a good job overall. Thank you	5/11/2022 9:51 AM
13	We mustn't overlook other community needs like updated library ... co-locating facilities creates a new community draw. The library need is a natural IF thoughts include a new building. Think holistically. What is happening to the Oddfellows building and site? Can this community center need integrate the former town hall now Academy of Performing Arts (acknowledging it has code and site problems)? We have many "assets" for a cultural campus and perhaps for a "fitness campus" amongst disparate sites, and creative thinking can link an asset created on Governor Prence site, (even with housing dominating) and tie to a campus concept. I think the Old Firehouse is and should continue as an integral part of the smaller	5/11/2022 8:36 AM

Orleans Community Center Survey

needs for culture and small meeting space, vital location on Main St ... the upgrade cost is daunting but the possibilities in the proposed design would make it a creative landmark. We must look elsewhere since we don't have a spare school as Harwich did. But please please think across borders, hard to do in our home rule state. Brewster's extraordinary purchase of the Sea Camps is perched only FOUR MILES from our border. Wouldn't a joint effort intrigue possible grantors, open state funding opportunities with regional thinking, and help create a facility meeting needs in two communities with declining youth populations. The possibilities there are endless and can include recreational opportunities unlikely in our town alone. If that were to happen, we can still keep useful meeting space and various things in town with existing or upgraded assets ... again, think of a "campus" of opportunities of all sorts, none that distant. As difficult as it is in political environment where a fraction of voters bother to attend town meeting, and many resent change, we should look ahead differently. Commit to looking at each new and costly need within our town, like the library, as a way to build campus and further creative community. Commit to seek related uses and entering conversation about possibilities. Think outside walls of a building. But keep the drumbeat of the NEED for community, especially inter-generational and across socioeconomic divides, in fractured times.

14	Get input from teens, school parents and seniors on design options.	5/10/2022 3:02 PM
15	With the library, schools, and other existing facilities in Town, I don't think a Community Center is needed	5/10/2022 9:47 AM
16	Don't spend money on more physical space. Instead create the activities and use the spaces we already have. Thanks	5/10/2022 8:44 AM
17	In visiting other community centers, Orleans is absolutely in need of a Community Center.	5/9/2022 1:19 PM
18	Combine with CoA and or Library complex	5/5/2022 11:54 AM
19	The town has committed us to several expensive projects over the next few years. The sewer system, affordable housing, a new fire station, a new library and more. We can not afford yet another big ticket item which would be used by a relatively small percentage of the town population. Also, there are facilities and spaces already existing in town that are underused and could function as a community center.	5/3/2022 6:57 AM
20	I don't want a community center but gave my preferences in case it happens. I prefer the town as it is; I don't want things moved. Only thing I really want is a heated indoor pool.	5/3/2022 12:23 AM
21	It would be great having a multi-use facility that would also be a destination and bring people into town. Having it close to town might ensure they shop and support our merchants as well.	5/2/2022 9:56 PM
22	Expand senior center and allow more general use	5/2/2022 4:59 PM
23	It's too bad you didn't ask survey respondents to prioritize activities or make explicit activity/infrastructure tradeoffs given the inevitable need for tradeoffs when Orleans eventually takes costs into account.	5/2/2022 11:55 AM
24	I feel A community center is important as a place to represent the town of Orleans and a meeting place for its residents	4/30/2022 6:26 PM
25	I'm in favor of a Cultural Campus approach with the Community Center filling needs not being met in town. A program coordinator is sorely needed to gather information about what is going on in town, when and where and make that information available to the public on a regular basis. In order to make a Cultural Campus concept work well, it's essential to know what spaces/buildings are being used, when and how.	4/29/2022 7:51 PM
26	We do not see fit to have all facilities in one building. There should be separate buildings; they may be near each other but NOT all together. Not sure we should do away with the old buildings we have. We'd prefer to upgrade and maintain, maybe expand but basically keep the buildings we've got---- except for the COA - mostly because it's in a flood zone and more space is sorely needed. and	4/29/2022 4:08 PM
27	We need guidance and leadership on this. Thanks for moving it forward.	4/29/2022 10:40 AM
28	I don't understand why a community with a high age population of over 70's, 80's, 90's doesn't have more public transportation options. Less cars on the road, more bike and walking lanes. I understand we need cars in Orleans to drive to neighboring towns to use community centers. Would be nice to stay in Orleans.	4/28/2022 4:22 PM

29	It should be on the Governor Prence location which should not be used for affordable housing ONLY! That location would be very suitable for an expanded Snow Library if it isn't used for a Community Center.	4/28/2022 12:01 PM
30	\$100 million high school, \$31 million sewer project, talk of new library, new firehouse, affordable housing. And you want to cook up yet another project???	4/28/2022 10:52 AM
31	renovate old library---we can't afford to build a new one	4/28/2022 10:46 AM
32	Please allow for handicapped parking, and remember this is a town full of old people, many of whom have mobility problems just shy of handicapped status.	4/28/2022 7:34 AM
33	I truly believe that our community needs something like this. To go to a neighboring town to use their facilities is a detriment to Orleans, Our children, teens, young adults need a place to go and thrive. Something other than electronics!! More interaction with others and physical activity.	4/28/2022 7:14 AM
34	I am thrilled that your committee is thoughtfully looking into a community center. I totally support and look forward to having a community center in Orleans.	4/27/2022 9:20 PM
35	I do not think there should be a collaboration with the middle school. It is a regional school so that would not make sense. Santander bank, old laundromat property, Besse property on Main or Governor Prence property	4/27/2022 9:19 PM
36	If you really would base it on my input you would scrap the idea as a waste of tax payer money and move on. How many projects does the town need to deal with at once. Give it all a rest.	4/27/2022 6:59 PM
37	location needs to be right and year round swimming pool a must	4/27/2022 4:00 PM
38	This is a very expensive endeavor for something the town doesn't really need. The town is spending way too much money now. The projects that are currently underway or in the pipeline are already more expensive than planned for and now the taxpayers are stuck paying for the additional expenses.	4/27/2022 3:35 PM
39	Improve the library, Old firehouse and COA before starting something new.	4/27/2022 3:31 PM
40	C.C. should not have programs that compete with C.O.A. programs. e.g. fitness classes.	4/27/2022 12:27 PM
41	I don't feel the need for a community center but might use it. But would be in favor if kids and teens in town were in need.	4/27/2022 12:00 PM

45	Should meet with reps of different constituent groups likely to use center: elderly, teen, parents, diverse communities/ different languages spoken	4/26/2022 11:23 PM
46	Other towns like Harwich have done this successfully. Let's look at other towns	4/26/2022 5:15 PM
47	I think a community center This is a want not a need, it a need.	4/26/2022 4:20 PM
48	Might combine with new library at Governor Prence site.	4/26/2022 4:02 PM
49	Currently the library is the closest facility that Orleans has to a community center. Understanding the future of the library will be important to determine the scope of the proposed community center.	4/26/2022 3:53 PM
50	Orleans is engaged in major capital plans. Affordable housing is a huge issue. So are other affordability issues. We need a new library and an expanded COA. The new Fire/EMT facility is looming. The new High School assessment is coming. And let's not forget sewers. I would not support a "community center" funded by taxes.	4/26/2022 1:16 PM
51	Forum should include funding ideas. With Fire Station and Sewers and maybe Library already tee'd up - how will Town pay for a Community Center - and when? How will this fit into Debt Schedule? How much more will Town contribute toward Gov. Prence development? Other affordable housing and workforce housing crisis priorities?	4/26/2022 12:27 PM

Orleans Community Center Survey

52	A tough sell but worth keeping at it even if this attempt falters.	4/26/2022 12:27 PM
53	Emphasis of town space needs SHOULD be focused on housing for LOCAL EMPLOYEES, & Fire Station and Library SPACE NEEDS!!!!	4/26/2022 12:08 PM
54	The community center over in Yarmouth(the old bank) is an excellent model of what can and can not work and hope you will consult with them - it's a great space and used often. There is really not much at all for young and old to do indoors in Orleans during winter months - that should be a focus - things for days when the beach is not an option.	4/26/2022 7:22 AM
55	DO NOT COMBINE SNOW LIBRARY WITH THE COMMUNITY CENTER - DIFFERENT MISSIONS!!!	4/25/2022 4:50 PM
56	I think the Governor Prince property would be a perfect fit for a community center. I'm not sure I would support a different property as it would add to cost and make it less desirable.	4/25/2022 4:29 PM
57	This has taken too long. Orleans needs to give back to the residents....more green space, more gardens, quality trees.	4/25/2022 3:42 PM
58	Combine community center with library? With senior center? Whatever is built, it should be in the downtown area. If it is to be one building, it should be in the area of the elementary and middle school for easy walking access for kids and families.	4/25/2022 3:42 PM
59	This follow-up is not of interest to me. I think the buildings the Town owns could be utilized more. A decent collaboration with the Rec Cttee, Select Board, CoA, PB, School reps, nonprofits, etc. in the development of a global "community life" look at all town and np facilities in town rather than silo off this Cttee and so many others to work separately would make more sense.	4/25/2022 3:05 PM
60	I would prefer to see the town utilize space that is already available for community activities. The historical society Meeting House comes to mind most often.	4/25/2022 3:00 PM
61	Community center should be considered for part of the Governor Prence property	4/25/2022 2:55 PM
62	This is an excellent start to and exciting initiative!	4/24/2022 12:59 PM

Q12 Would you like to receive regular communications from the Task Force on upcoming meeting and planning proposals? If so, please provide the following contact information below. Thank you for taking the time to help make this study a success!
