Re: Orleans Housing Needs Assessment Community Survey

For more information, contact: George Meservey
Director of Planning and Community Development
Planning Department
508-240-3700 ext. 2335
gmeservey@town.orleans.ma.us

Orleans is currently in the process of developing a Housing Needs Assessment (HNA). This HNA will help us gain a better understanding of the key housing challenges and opportunities in Town. It will seek to understand recent data trends and make recommendations for promoting diverse housing options to alleviate the local housing burden.

We are hard at work with our consultants at JM Goldson as we develop this HNA. As a part of this process, we will offer different opportunities for Orleans community members to get involved and share their housing stories to help shape this assessment. Our goal is to collect information on Orleans' existing conditions to best solve our housing challenges.

We are asking for your help to spread the word about our community survey. All members of the Orleans community are welcome to take this survey whether you live here year-round, part-time, work or own a business in Town, are a longtime visitor, have children in the Orleans schools, are a former resident, or are just interested in housing in Orleans. Our survey is designed to hear from unique perspectives and your answers will help us paint a better picture of Orleans' housing needs.

You can access this survey at by visiting <https://www.surveymonkey.com/r/orleanshna> or through scanning the QR code. Please help us tell Orleans' housing story by taking this survey and sharing it with your friends and family. Thank you in advance for your participation!
