You don't often get email from bjp1948@gmail.com. [Learn why this is important](#)

I write this email on behalf of myself and my husband Fred Hazouri in support of the project to renovate Eldredge Park. We have owned a house in Orleans since 1988 and love the town. Of course we are taxpayers.

We are retired now and spend several months from June to October here. Our children and now grandchildren spend weeks here as well. One of the delights has been enjoying summer baseball at Eldredge Park. Our grandchildren spend time at the playground as well.

We have heard all about the excellent plans for Eldredge Park including basketball courts, accessible pathways (I am a walker myself) and of course replacing the existing playground.

We are excited about this and write in support of this project. Thank you for your consideration.
