Dear CPC members,

I'm writing in support of CPC funding of at least \$3 million for the Eldredge Park Project. As a parent who has raised two children in Orleans, I can't highlight enough the importance of the types of recreational spaces that this project would provide for all members of our community. It sends a message to residents, and potential residents, that the town values our well-being and is family-friendly. Orleans needs to demonstrate its commitment to young families as well as our older population, in order to maintain a healthy and vibrant community that caters to residents of all ages and funding this project would go a long way towards showing this.

Sincerely,
Ellie Zucker
