Dear Tracy,

Thank you for giving Senior Tennis players a chance to express our opinion of what we need. Having talked to many of the players, Mike Zawadzkas and I have put together the ideas we would support. We want to continue the use of the current two dedicated tennis courts as we have in the past. We have been allotted use on Tuesdays and Thursdays from 9-11 am, with a change to 8-10 during July and August.

We would like to see the courts refurbished as was done with the lower court now dedicated to pickleball. The current courts are heavily cracked, weedy and sandy. The paint gives no protection to the courts. Because it is so porous, it takes a very long time to dry out. However the fencing and underlay are still there. Repaving the courts if feasible would be a less costly and possibly quicker solution.

We thank the town for continuing to support Senior Tennis for so many of us who have played and prospered as we age.

Looking forward to meeting you on Thursday.
