## Re: Request for CPC Funding – Eldredge Park Renovation

Dear Members of the Board,

We are writing to respectfully request your support in voting for CPC funding for the renovation of Eldredge Park. As one of the central gathering places in our town for young families, Eldredge Park holds deep importance for residents of all ages. However, much of its infrastructure has aged, and updates are needed to ensure it remains a safe, accessible, and welcoming space for the community.

This project represents more than just improvements to a park—it is an investment in the vitality of our town. A revitalized Eldredge Park will provide young families with a safe and engaging place to play, gather, and connect. It will also serve as an attractive feature for new families considering moving here, strengthening the long-term growth and stability of our community.

The renovation will ensure that Eldredge Park continues to be a cornerstone of community life—where children can make memories, neighbors can connect, and residents of all ages can enjoy the outdoors together. We believe that with CPC support, this project will enhance the quality of life for current residents while also helping to secure a strong future for our town.

We are year-round residents with a young family of our own, and as a parent who relied on the playground for years, I could not think of a better or more relevant project for our town.

Thank you for your time, consideration, and for the important work you do on behalf of our community. We are deeply grateful for your dedication and hope you will join us in supporting this much-needed project.

Sincerely,

James and Ashley Stucenski
