Good morning!

My family and I live in Orleans. I have two sons and we play at the parks and skate park and public spaces on a daily basis. I also nannied for the past 3 years and would go to Eldredge Park daily with my little charge. It's a park that is heavily utilized by young children parents and the older community as well! I want my boys to grow up in a community that makes investments in the public spaces so that we encourage playing outside and not indoor screen time! Eldredge Park has not been very updated much in my memory-I do remember when the cover went up over the sandbox and made a huge difference. But there are many things that could make the space better, and the recreation committee has a good plan for its future. I encourage you to help advance this project to town meeting. Thank you for your time and consideration.

Sincerely,

Lindsey Goodman
